

You Can Take Action to Prevent Mercury Pollution

Save the Fish - Change Your Switch

It's Free

It's Free

Let Us Replace Your Automotive Hood and/or Trunk Lighting
Mercury Switch with a Ball-Bearing Switch Today !!!

Replacing just one mercury switch can prevent contamination of
2,000 Walleye

Replacing just one mercury switch can prevent contamination of
an 18 acre lake for one year

GM and Ford are successfully using the ball-bearing replacement
switch in selected 1998-2000 model year vehicles

Changing to the ball-bearing replacement switch will not change
the functioning of your vehicle in any way
